

WCCTV 4G Solar Trailer

- Compatible with all WCCTV Dome models
- 1080p 2MP PTZ Camera
- 60m IR capability
- 23x optical zoom with 100m+ zoom capability
- Full remote configuration via mobile and PC

- Towable on standard licence with appropriate vehicle
- Braked axle for towing safety
- Extendable mast for periscope viewing

- Internal MPPT smart solar controller
- Bluetooth enabled for battery level and solar yield information
- 2 x 330w solar panels
- 40A internal charger
- Integrated Smart Switch for remote power resets

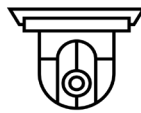

KEY PRODUCT BENEFITS

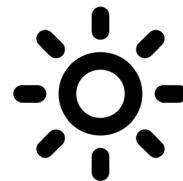

Inbuilt Video Analytics

Easy To Install & Maintain

HD PTZ with Directional IR

Autonomous Power

GPS Location Information

Fast Review of Evidential Footage

Remote Access to Footage

Extendable Mast

Integration with Video Platforms

Easily Towable

WCCTV 4G Solar Trailer

The WCCTV 4G Solar Trailer is an autonomously-powered surveillance trailer that can be rapidly deployed at practically any location, providing security for local authorities and police for monitoring hot spot areas, securing short term events, deterring crime and improving neighbourhood safety.

It takes just minutes to install the WCCTV 4G Solar Trailer at your locations, and it can easily be moved as your applications change. It is an ideal surveillance solution for locations without any fixed power or video transmission infrastructure.

The trailer can be fitted with any WCCTV's Mini Dome Cameras. All live and recorded footage is accessed via 4G connectivity, so users can remotely access the cameras any time from any device.

The trailer features a telescoping mast that rotates nearly 360 degrees and is equipped with highly reliable autonomous solar power with battery back, which is suitable for most locations.

The system weighs less than 700KG, making it towable by most vehicles on a standard driving licence.

PRODUCT VARIANTS

Panoramic Dome

IR PTZ camera and 3 panoramic lenses

IR Speed Dome

Rapid deployment and portable surveillance system

MultiCam Dome

Multidirectional surveillance solution - 4 views from one device

ACCESSORIES

ANPR

Automatic number plate recognition with cloud storage and live feed

EXAMPLE APPLICATIONS

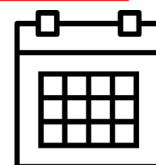

Enviro Crime

Fly-Tipping

Anti-Social Behaviour

Temporary Works Security

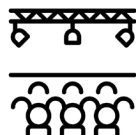

Traffic & UTC Monitoring

Community Safety

Project Management

Major Public Events Safety

City Centre CCTV

Town Centre Management

PRODUCT SPECIFICATION

General	Dimensions (HxWxD)	Stowed: 1560mm wide, 3000mm long, 2400mm High Deployed: 1620mm wide, 3000mm long, 7000mm High
	Operating Temperature Range	-30 to +50°C
	Power	(Battery) 1040Ah (Solar) 2 x 330w
	Weight	700KG
	Software Upgrade	Internet / 4G / back to back PC
	Warranty	12 months warranty with options for extended warranty
	Video Inputs	4 (dependent on camera)
	Wireless Communication	Supported via suitable interface - 4G
	Internal Charge	40A internal charger
Storage	HDD Types	Removable SATA hard disk drive
	Export	4G/ network / optional removable SATA hard disk drive
	Alarms	2 camera control, 1 alarm, 1 arming / disarming and 2 auxiliary inputs, shock sensor
Alarms	Alarm Function Support	Alarm log, event search, pre-event recording
	Alarm Reporting	Yes - to a remote site via email
	Display Alarm on PC Monitor	Yes or Network / 4G
	Relays	2 relays - system error and/or remote control purposes
Networking	Video Motion Detection	Yes - onboard analytics
	Remote PC Client	Client Software Free Download
	Remote Web Browser Client	Viewing
	Password Protected	Yes
	Remote Smartphone (iPhone) Compatible	
	Remote Tablet (iPad) Compatible	
	Charge Time	28 - 30 hours from flat
	Run Time	21 days plus (solar dependant)
