

WCCTV TSO TOWER

- 4 bio spec cameras with fusion image technology and 360°+ camera with 1/3 imagery overlap
- Thermal analytics with identification boxes and movement trace
- In camera speakers for audio challenge

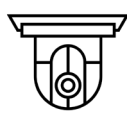

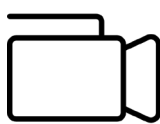

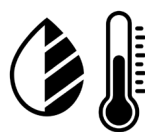

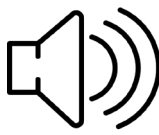

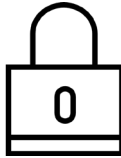

- Up to 45m detection range
- Provides an invisible detection area
- Embedded internal analytical engine ideal for fixed camera detection
- 4m retractable mast
- Protective metal wire casing

- 128GB built-in storage per camera
- Embedded high speed 4G connectivity or Wi-Fi
- Analytics are adjustable remotely
- Internal charger
- Alternative solar options for northern deployment

KEY PRODUCT BENEFITS

 <p>Complete Managed Service</p>	 <p>Invisible Detection Area</p>	 <p>360°+ View</p>	 <p>Autonomous Solar Power</p>	 <p>White Light</p>
 <p>Multiple Camera Inputs</p>	 <p>Colour / BW and Thermal Cameras</p>	 <p>Live Audio Challenges</p>	 <p>Proactive Site Protection</p>	 <p>Ongoing Health Check</p>

WCCTV TSO TOWER

WCCTV's TSO Tower is an autonomous rapid deployment CCTV Tower designed to provide complete site security or where temporary monitoring is required on transient sites or compounds. The 4m tall, bright yellow Site Tower provides an obvious deterrent, preventing trespass and intrusions onto sites before they occur.

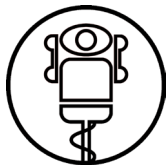

Key features of this all-in-one surveillance solution include integrated 4G transmission of video and alarms, 4 bio spec cameras with fusion technology and HD thermal colour imagery, a 360° field of view, audio speakers to enable a remote challenge to occur and local recording capability storage of evidential footage.

As a truly rapid-deployment CCTV system, the WCCTV TSO Tower can be installed by on-site staff with remote commissioning by WCCTV and be fully operational in just a matter of minutes - ensuring your sites are protected from the start.

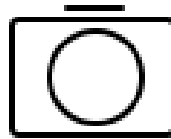

Its multiple cameras running edge-analytics, audio speakers can be backed by our NSI Gold alarm monitoring and response partners, effectively eliminating the need for expensive man-guards. This can help reduce security costs without any compromise on quality or reliability.

The WCCTV TSO Tower can be provided as a standalone security system or as part of a comprehensive managed security solution that covers site survey, installation, maintenance, video and alarm monitoring, response and monthly reporting.

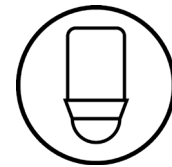

PRODUCT RANGE

HD Site Tower

WCCTV Hornet

Construction Site Dome

7m tall, bright yellow Site Tower with 360° PTZ camera

Ultra rapid-deployment CCTV unit designed to enhance security

Redeployable CCTV Dome System that provides all-in-one site security

EXAMPLE APPLICATIONS

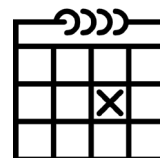

Utility Site Security

Asset Protection on Remote Sites

Construction/ Demolition

Temporary Works Security

Gas Site Security

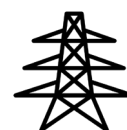

Environmental Agency

Project Management

Highways

Electrical Site Security

Vacant Properties

PRODUCT SPECIFICATION

General	Dimensions (HxWxD)	4000mm x 2200mm x 2100m
	Operating Temperature Range	-40 to +50°C
	Power	Internal charger 110v / 240v / Internal 40A charger
	Audio Warning	Automated audio message and live voice down
	Weight	500KG
	Software Upgrade	Internet / 4G / back to back PC
Video	Warranty	12 months warranty with options for extended warranty
	Video Inputs	4 bio spec with fusion image technology and colour / BW / thermal cameras
	Operation	Simultaneous live, record, playback, remote access
	Resolution of Camera	Up to 1080p
	Maximum FPS	25
	Recording	Proprietary narrowband algorithm
	MutiMode (Recording Algorithms)	Dynamically changes record rates and compression settings for the camera
	Snapshot Video Clip	Yes
	Event Recording	Yes
	Wireless Communication	4G
	White Light	Yes
	Storage	Internal Capacity
HDD Types		Removable SD Card
Export		4G / Network
Alarms	Alarm Function Support	Alarm log, event search, pre-event recording
	Alarm Reporting	Yes - via remote monitoring centre
	Display Alarm on PC Monitor	No
Networking	Video Motion Detection	Yes
	Remote Administration	Yes
	Remote Commissioning	Yes
	Password Protected	Yes
	4G Enabled	Yes
	Remote Viewing	Yes on request
