WCCTV BODY WORN CAMERA (PROTECT)

The WCCTV Body Worn Camera Protect is a UK manufactured body worn camera that has been specifically designed to improve safety and security for frontline workers.

Uniquely, the camera unit features a forward-facing screen that alerts a subject that they are being recorded, a proven deterrent to violent confrontations.

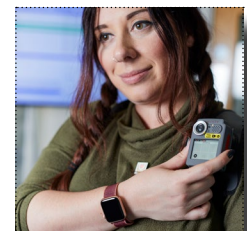

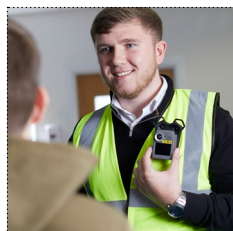

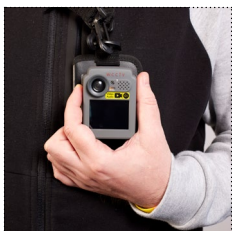

The camera's simple, functional design lends itself to ease of use, with one button to start recording and one button to stop recording.

COMPLETE BODYWORN VIDEO SOLUTIONS

WCCTV's Body Worn Cameras can be provided as part of a complete body worn video solution when used in conjunction with WCCTV's Evidence Management Software (EMS).

The EMS is cloud-based and provides users with a digitally secure total case management solution - allowing searching, storing and sharing of video files securely and easily.

A wide range of accessories to support the Body Worn Camera Protect deployment are available.

EXAMPLE APPLICATIONS

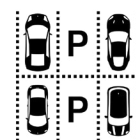

Lone Workers

Emergency Response

Rail Conductors

Parking Enforcement

Security Guards

Remote Site Inspections

Workforce Protection

Police & Civil Enforcement

Door Supervisors

Night-time Operators
