CASE STUDY BACKGROUND

Willmott Dixon is a construction and property services company operating across the UK. Their latest project is a custody suite build in Dafen, Llanelli, Carmarthenshire. Willmott Dixon has been on site since autumn 2021, with completion due in 2023.

THE CHALLENGE

Given the site's location, Willmott Dixon is keen to protect against potential intrusions and theft of plant machinery, which would cause significant delays to the project.

At the start of the project, there was no power available to have traditional CCTV installed. Therefore, they needed a completely autonomous solution that would act as a proactive security system.

THE SOLUTION

WCCTV RAPID DEPLOYMENT TOWERS

Initially, WCCTV provided Willmott Dixon with a [WCCTV HD Fuel Cell Site Tower](#), backed by a fully managed service that included installation, alarm monitoring, ongoing maintenance, support, and performance reporting.

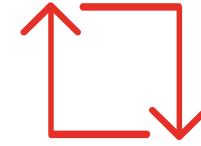

As the project developed and power became available, WCCTV replaced the autonomous unit with a WCCTV HD Site Tower coupled with several static CCTV cameras to provide extra coverage in blind spots behind cabins.

KEY SUCCESS FACTORS

41 Thefts prevented on average each month by WCCTV*

Fully managed security service for one-fixed fee

Remote access to cameras 24/7 via free mobile app and desktop platform

Proactive site protection and monitoring, 98% of alarms handled in 3 mins

Up to 88% cheaper than manned-guarding

Ongoing health check, alerts on camera failure, camera masking, hard drive failure or nearing capacity

KEY FEATURES

WCCTV RAPID DEPLOYMENT TOWERS

WCCTV is the UK's leading provider of rapid-deployment CCTV Towers, specifically designed to provide all-in-one site security for temporary sites such as construction, demolition and highways infrastructure projects.

Our range of solutions includes:

- WCCTV HD Site Tower
- WCCTV HD Eco Site Tower
- WCCTV HD Fuel Cell Site Tower
- WCCTV HD Thermal Smart Tower
- WCCTV HD Solar Fuel Cell Tower
- WCCTV Network Rail Approved Tower

Up to 2 Thermal Detectors	—	—	—	✓	—
Up to 4TB Removeable SATA Hard Disk Drive	✓	✓	✓	✓	✓
Remote Viewing (PC, Mobile, Tablet)	✓	✓	✓	✓	✓
Long Run Battery or Fuel Cell	—	✓	✓	✓	✓
Audio Challenge and Siren Alarm Capability	✓	✓	✓	✓	✓

THE RESULT

- Throughout the ongoing project, the WCCTV Rapid Deployment CCTV Tower has provided robust security, predominantly as a deterrent to opportunist theft.
- Thanks to the ongoing, proactive security, the site was unaffected by losses or delays due to theft, criminal damage, or accidents. It has allowed Willmott Dixon not to miss any deadlines or occur costly delays or losses.

MARTIN JAMES, SITE MANAGER FOR WILLMOTT DIXON:
"WE GET FULL COVERAGE FROM THE WCCTV SYSTEMS, WITH NO THEFT. IT IS AN EXCELLENT SYSTEM AND IS COMPATIBLE WITH OTHER PROJECTS WE'VE USED YOU GUYS ON PREVIOUSLY.

IT'S BEEN BRILLIANT!"
